

December Board Meeting Minutes Highlights

First up was the approval of the treasurers report. Thank you, Tim Bolling, for keeping the clubs finances in line!

Minutes from November were approved.

Next was Mark Dewey with programs. We've got almost all of 2024 booked with programs.

Next was Don Dabney with memberships. Currently at a total of 175 members. Be sure to renew before the first of the year to be entered for the rod raffle.

Next was outings. Still need someone to lead outings for March, September, and November 2024.

Next was Dale Day with conservation report. Dale is recommending a letter to ODFW to support the same protections of Orca's that Washington has in place.

Next up was the auction report. We are moving the auction to October. We were unable to get an auctioneer for May and are currently lacking an auction chair.

The New Years Day Chili feed will be hosted by Dale day this year. Come join the fun with your favorite chili recipe or a side dish. Dress warm it's usually pretty cold this time of year.

Next was a discussion on board members. We need board members and if anyone is interested, please contact David Haight or anyone else on the board.

Next up was a discussion on advertising in the newsletter. Once we have an idea of what the added fees might be for placing ads in the newsletter and the clubs directory, we'll come up with a fee structure for advertising. One thing for sure is that members will get a cheaper rate than nonmembers.

The board approved the renewal of our membership to FFI.

Happy Holidays Everyone!
